

Meeting-6 (4th October, 2015)

Timings: 04:30pm– 05:15pm

Venue: Reading Room (Vindhya C2, IIIT-H)

Attendees:

- Shalin Agrawal
- Junaid Ali
- Lashit Jain
- Shivang Nagaria
- Raj Manvar

Headed by : Mr. Amit and Mrs. Barna of AssessMachine .

Agenda:

- Discussed the schema for the database.

Tasks:

- Discussed the best possible schema for storing the database and then Raj was given the task to design the schema.
- Clients reviewed auto-complete and gave few suggestions.
- Language selector was tested by the clients and a few minor errors were pointed out.
- Lashit took care of the changes required in ace's intellisense functioning as language changes.
- Discussed the possibility of using Tries to store function signatures.
- Shalin was given the task to make use of jquery POST calls to get function signatures from database to front end.
- Discussed how we could extract only the desired part (instead of the complete file) while making the POST call (for R2).
